

Citizens Advisory Committee
Meeting Minutes
October 28, 2010

The CAC was invited to attend the regular Cumberland Regional BOE meeting held on Thursday, October 28, at the board office.

Student representatives of the FFA shared their recent experiences at the national convention. Many of our students achieved high recognition and received awards in various categories. They also had an opportunity to meet other FFA students from around the United States, participate in workshops, and learn about industry opportunities. The students expressed their gratitude to the board for its support.

Faculty and administration presented several reports to the board and community. The annual State Assessment for 2009-2010 showed that CRHS has made positive steps to improving its academic performance as indicated by state test results. The Violence and Vandalism Report reflected that improved security and intervention programs are working as overall incidents declined in all areas. Feedback was provided about a recent workshop for sending district math teachers as steps toward standardizing curriculum throughout the system begin.

The community was given an opportunity to ask questions and give input throughout the meeting.

Respectfully submitted,
Melissa Kiessling
