

Camera's On

- Must be on for attendance. Mark Absence No Camera if student does not turn it on.
- If a student does not have a camera on their own computer, they should come up and get a Chromebook. CRHS has enough for each student in the school, plus some. They need to come to school between 7am and 2pm Monday – Thursday.
- Teacher can provide guidance on when students can turn off cameras during lesson (ex. Sharing notes or presentation) or options for camera focus (top of head, keyboard)
